Reasons for Allowance

1. Examiner has considered Appellant's arguments as presented in the Appeal Brief of 03/29/07, and as identified in Appellant arguments on pages 10 – 11. Claims 1-11 and 13 – 40 are now in condition for allowance.

The following is an Examiner's statement of reasons for allowance.

The prior art of record does not teach or render obvious the following limitations:

“...wherein the debugging graphical program comprises a second plurality of interconnected graphical program nodes or icons that graphically represent functionality of the debugging graphical program, wherein the debugging graphical program was created using the graphical programming development environment;

wherein the debugging graphical program is executable during execution of the first graphical program to aid in debugging at least a portion of the first graphical program.”, as best illustrated by figure 4, and in such a manner as recited in independent claims 1, 23, 27, 31 and 35 .

Therefore, all claims, i.e. Claims 1 – 11 and 13 – 40 are in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
